Shiva Verma

Full Stack Web Developer

PROFESSIONAL SUMMARY

Highly skilled and motivated full stack web developer proficient in MERN stack. Strong expertise in JavaScript, React, Express.js, and Node.js. Collaborative mindset with excellent problem-solving skills. Efficiently translates project requirements into functional and scalable web applications. Exceptional attention to detail and communication skills. Ready to contribute to innovative and impactful web development initiatives.

PROJECTS

1. Desney-hotstar | ⊕ | 🔘
React.js | Redux | MERN Stack | Cloudinary | Chakra-ui | json-data
- Experience a fully responsive and visually appealing web interface that grants convenient access to the newest Disney+ Hotstar content.
- Built with a robust tech stack, this project demonstrates proficiency in React.js, Redux, JSON data management, Cloudinary, and Chakra UI for seamless styling.
- Features include free to use, wide selection of movies, high-quality streaming, easy to use, full responsive, and mobile-friendly.
- Responsible for providing a safe and legal environment for users to watch movies, protecting the privacy of users, and ensuring high-quality streaming.

2. DownlordHub | ⊕ | 🔘
React.js | Context-api | MongoDb | Node.js | Express | Chakra-ui
- Developed a MERN stack web application for browsing, searching, and downloading movies in high quality.
- Implemented features like a wide selection of movies, high-quality streaming, and a mobile-friendly interface.
- Used React.js, Context API, MongoDB, Node.js, Express, and Chakra UI for building the application.
- Ensured the privacy and safety of users while providing a seamless movie streaming experience.

ACHIEVEMENTS

- **Zoom Marathon Challenge,**
